- Replacement of all expired or faulty smoke detectors

➤ **Switchboard & RCD Safety Switch** *Installation, Repairs & Testing*

Your property's switchboard is the central management point of all things electrical and we pay little attention to it until it stops working.

If you suspect there are issues with your electrical switchboard, Ken Hall Electricians are ready to do repairs, service or to install a new compliant switchboard quickly.

Our team can also install or test RCD Safety Switches which prevent serious electrical incidences at home or in your business.

➤ Appliance *installation*

Our qualified and licensed team of electricians, plumbers and gasfitters can install or replace appliances in your home or workplace.

Some of the appliances we can install:

- Freestanding cookers and mounted cooktops
- Mounted & freestanding ovens
- Kitchen rangehoods & exhaust fans
- Washing machines
- Dishwashers
- Gas Heaters
- and more

Why choose Ken Hall *Electricians*

Licensed Electricians

Our electricians are experts in electrical installation, repairs and maintenance across both domestic and commercial properties.

We're capable

With our large team of electricians backed by experienced estimators, we are equipped to handle domestic and commercial maintenance and repairs of all sizes.

All areas 24/7

Greater Metropolitan Adelaide we've got you covered with someone on call 24 hours a day, 365 days a year. Same day and emergency service.

Safety First

We ensure all electrical work is safely performed in your home or office and keep up to date with Australian Standards, Fire Safety and Workplace Safety.

The Ken Hall Standard

At Ken Hall our electricians are fully employed tradespeople ensuring they uphold the Ken Hall standards of workmanship and customer service.

Quality Service

Our jobs are completed on time and to the highest standards we demand from our team at a price you can respect.

the Ken Hall Guarantee

Our warranties provide total peace of mind

3 Month Warranty*

We provide a 3 month warranty on all small maintenance repair jobs such as leaking taps, blocked drains, lighting repairs and appliance installation.

7 Year Warranty*

Our full bathroom renovations and roof replacements include a 7 year warranty on all parts and labour.

12 Month Warranty*

All larger repairs are covered under a 12 month warranty.

Lifetime Warranty*

Many of the parts and products we use contain a lifetime warranty. We provide brochures and warranty information for all products we install.

Ken Hall
Electricians

➤ We're here to do things
right, one job at a time.

*Terms and conditions: Warranties are exclusive to labour. All product and appliance warranties are subject to the manufacturer. Warranty is void where modifications or works are completed by technicians not employed by Ken Hall Plumbers. Warranty shall not apply to normal maintenance and adjustments, failure or damage incurred through neglect, lack of maintenance, misuse, accident, fire, vandalism, or through any other cause beyond the control of the manufacturer.

electrical

case study #1

PROJECT

Greek Orthodox Church, Port Adelaide

PROJECT SIZE

Lighting installation 13x Wall Lights, 2x Pendant Lights, 2x Bishop Lights, 5x Chandeliers. Main chandelier weighed over 250kg with 150+ individual globes. Smaller chandeliers weighed over 100kg.

PROGRAM

3 Weeks Installation

PROJECT FEATURES

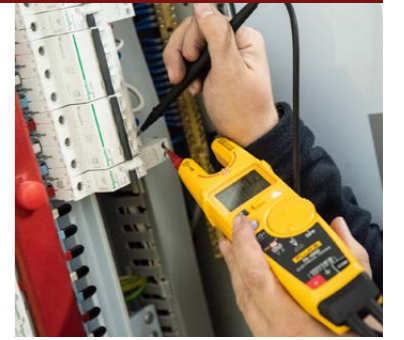

- Assembled and installed 5 large pendant chandeliers
- Installed wall lights, stair lights, gallery chandelier and alter lights
- Re-wired all light fittings
- Connected all lights to switchboard and tested
- Provided Certificate of Compliance

The lighting installation for the re-built Greek Orthodox Church in Port Adelaide has added a final layer of intricate detail throughout the space.

Ken Hall Electricians carried out extensive electrical works including rewiring, assembling and installing a variety of hand-made lights to high, curved ceilings.

The team worked with precision to overcome the challenges of accessing and safely installing intricate lights. Reinforcement of lights was requested as a key safety feature of the chandelier installation.

electrical

case study #2

PROJECT

Property Management Portfolio
Electrical Remedial Works

PROJECT SIZE

27 Properties
(Residential & Commercial)

PROGRAM

15 Weeks

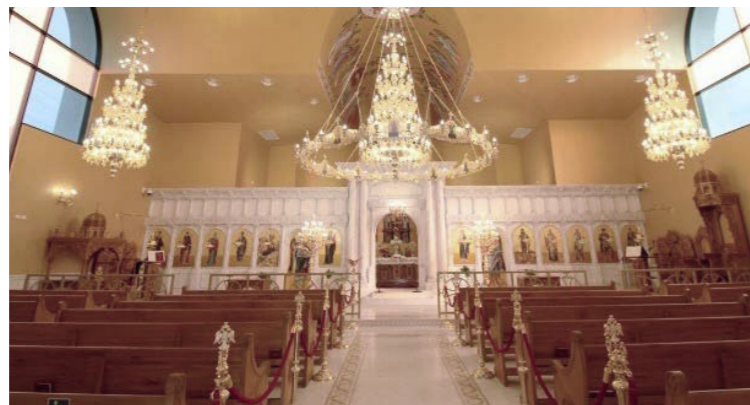

PROJECT FEATURES

- Switchboard replacements
- Upgrade of switchgear to RCBOs
- Replacement of faulty wiring
- Replacement of faulty light fittings
- Upgrade of main earths

Managing multiple properties and ensuring the electrical components are all safe, compliant and functional. Each install can be a time consuming and complicated process.

For this project, Ken Hall Electricians were enlisted to streamline the process and complete a variety of electrical upgrades and repairs across this client's domestic and commercial property portfolio.

Additional to completing works, Ken Hall Electricians coordinated all the bookings directly with locations. Detailed reports were compiled with before and after photos to ensure clear records of each installation.
